PRP MASTER - ck 5 17 16.docx

Hey Carla:

We're getting warmer, I think.

I did not focus on formatting, etc. There are still a few pending issues, and what I'd really like to do is get away from this for a day or so and then read it again with a clear head.

At some point we should get on the phone and go through it together to address any last blips and boops.

Thanks.

(**Jamie:** We still need to make the revisions to the text in the first figure in the document.)
